COTTON-ASSOCIATION HANDLING COTTON FOR IMMEDIATE SALE

-You can now handle your cotton through the Alabama Farm Bureau Cotton Association almost any way you desire. You may take your receipts or bill of lading to your local bank, attach them to a Special Pool draft on the Association for the regular advance Then ask your banker, fieldman or Farm Bureau secretary to call the Association and have your cotton sold that day. You will get full settlement as soon as your receipts and samples reach the Montgomery office; or you may place your cotton in the Special Pool, as above, and order it sold any time thereafter the price is satisfactory to you; or you may place your cotton in the regular Annual Pool where it will be handled as in the past.

By this method of handling your cotton you are assured correct grades, weights and the full market value the day you sell your cotton.

ually 50c per bale. The only other cost will be \$1.50 per bale which covers the service of the Association in grading, stapling, handling and selling. These costs are lower than you can get the

Sell your cotton with producers and not against them. This is the only organization in Alabama working for higher price for cotton

COTTON ASSOCIATION HANDLING COTTON FOR IMMEDIATE SALE

You can now handle your Cotton through the Alabama Farm Bureau Cotton Association almost any way you desire. You may take your receipts or bill of lading to your local bank, attach them to a Special Pool draft on the Association for the regular advance Then ask your banker, fieldman or Farm Bureau secretary to call the Association and have your cotton sold that day. You will get full settlement as soon as your receipts and samples reach the Montgomery office; or you may place your cotton in the Special Pool, as above, and order it sold any time thereafter the price is satisfactory to you; or you may place your cotton in the regular Annual Pool where it will be handled as in the past.

By this method of handling your cotton you are assured correct grades, weights and the full market value the day you sell your cotton. Charges for storage, insurance and interest are made only for the time the Association carries your cotton. On cotton for immediate sale you only pay for one month's storage which is usually 50c per bale. The only other cost will be \$1.50 per bale which covers the service of the Association in grading, stapling, handling and selling. These costs are lower than you can get the same service elsewhere.

Sell your cotton with producers and not against them, This is the only organization in Alabama working for higher price for cotton..

See your banker, county fieldman or come into the office and let us explain to you.
